SAWF Executive Management

15 March 2017

SAWFCC CIRCULAR 10/2017 (Senior, Junior and Cadet African Championship Teams 2017)

With the onset of the new 2017 – 2020 Olympic cycle the SAWF Executive Management and Coaches Council are busy reviewing the current Multi-year preparation plan together with National trial and selection process. We intend to expose wrestlers to more meaningful and experience related international competitions and training camps. Therefore we plan to select and send teams to alternative competitions and camps where they can obtain valuable experience at the right level.

Given the low number of wrestlers we have in certain styles, age and weight categories, participation in the African Championship does not represent meaningful competition and value for money spent by parents. Non-inclusion in the 2017 African Championship teams doesn't exclude wrestlers from being selected for alternative international tours during 2017.

We would like to announce the National teams for the 2017 Cadet, Junior and Senior African Championships. Congratulations to all wrestlers, coaches and officials selected to the respective teams. We wish you all the best with your preparation and participation in the African Championships 2017.

We kindly request that wrestlers and coaches confirm their participation in the African Championships 2017 by **Monday 20 March 2017 at 10:00** as the SAWF have to confirm participation numbers to UWW. The closing date for the final entries is the Saturday 25 March 2017 after which no further entries will be allowed.

Wrestlers need to pay their annual UWW license fees and arrange the required annual medical examination as stipulated in the UWW regulations and relevant SAWF circulars. Please send the relevant proof of payment and medical examination form to the SAWF Secretary General in order to facilitate timeous registration on the UWW Athena system.
