

Official application procedure for Therapeutic Use Exemptions (TUE) 2013

1) Competent bodies

- Wrestlers included in the FILA Registered Testing Pool 2013* → FILA
- Wrestlers entered in an international competition in the FILA calendar (see FILA Calendar)* → FILA
- National level athletes → NADO**

* The applications must be submitted at least 30 days before the beginning of the competition

**National Anti-doping Organization

2) TUE

The request must include:

- The TUE form (available on www.fila-wrestling.com) dully filled in and signed by the athlete and the medical practitioner. The name and the contact details of the medical practitioner shall be submitted.
- A complete medical file (including a diagnosis, exams results, etc)

The requests made through **EADAMS** shall comply with the same requirements than those made on paper form (name of the prohibited substance, complete diagnosis, exams results, name and contact details of the doctor,...)

Incomplete applications will not be processed and immediately returned.

Any change of dose, frequency, route and/or duration requires another TUE application.

All the information contained in the TUE application is kept strictly confidential as medical data.

Previous authorization for the use of the following substances is not required:

- Salbutamol by inhalation (maximum 1600 micrograms over 24 hours)
- Formoterol by inhalation (maximum 36 micrograms over 24 hours)
- Salmeterol by inhalation

FEDERATION INTERNATIONALE DES LUTTES ASSOCIEES
INTERNATIONAL FEDERATION OF ASSOCIATED WRESTLING STYLES

FILA

Adresse : Rue du Château 6 / 1804 Corsier-sur-Vevey / Suisse **Téléphone** : (41.21) 312 84 26 **Fax** : (41.21) 323 60 73 **E-mail** : fila@fila-wrestling.com **Internet** : www.fila-wrestling.com

For the other beta-2 agonists (terbutaline for example), a standard TUE application with complete medical file is required.

- Glucocorticosteroïds administered by non-systemic routes or by inhalation*

* all glucocorticosteroids are prohibited when administered by oral, intravenous, intramuscular or rectal routes.

Yours sincerely,

Michel Dusson
Secretary General
