

Medical

Each wrestler entered into the tournament will be issued with a weigh in card for each entry.

	SAWF Senior Trials Primrose Wrestling Club 2016-01-23	TEAM: GEW Category: Senior Bracket: U/59kg Style: Greco-Roman
Male	2	
Coetzee, Marco Boksburg Wrestling Club		
Weigh-In Card		17PLE2860

The card will contain a barcode that is unique to the entry and tournament. (i.e. If this wrestler entered for the FS U/57kg bracket he will have a separate card and entry for that bracket entry).

The wrestler will use this card to activate his medical and weigh in for the specific tournament.

1. Physical Medical Examination

After the medical examination is completed by the medical official on duty for the tournament, the medical official will take the weigh in card and hand it to the official responsible confirming and capturing the medical examination information into eTMS.

2. Calling Wrestlers Medical Examination Information on eTMS

a. Using a barcode scanner

The medical official responsible for capturing scans the barcode.

eTMS will populate the barcode id field and display the wrestler's entry information screen for medical examination.

3. Capturing Medical Examination Information on eTMS

eTMS will display the wrestler's photo, name, registration number, date of birth and age on the left hand side of the screen, this information can be used to verify that the correct wrestler is going through medical with the correct weigh in card.

Medical will only be done once, regardless of how many brackets the wrestler has registered for and any one of the weigh in cards for the specific wrestler may be used at the medical station.

(Note: Weigh-in Cards are unique to tournaments and cannot be used at any other tournaments.)
