

Weigh In

Each wrestler entered into the tournament will be issued with a weigh in card for each entry.

The card will contain a barcode that is unique to the entry and tournament. (i.e. If this wrestler entered for the FS U/57kg bracket he will have a separate card and entry for that bracket entry).

The wrestler will use this card to complete his medical and weight in for the specific tournament.

1. Physical Weigh In

After the medical examination has been completed and the wrestler has passed his medical examination he proceeds to the weigh in station for the official weigh in.

a. Using Barcode Scanner

The scale official responsible for calling of the weight from the scale will scan the barcode.

eTMS will populate the barcode id field and display the wrestler’s entry information screen for weigh in.

Scan Barcode:

Search

Weigh-in

Please scan member barcode

Please weight the member and enter the appropriate result

Weigh-in

Coetzee, Marco

ID : 09WS000859

Date of Birth : 1993-01-29

Age : 20+

Registered for 2 Bracket(s)

Greco-Roman , Senior , U/59kg	Withdraw
Freestyle , Senior , U/57kg	Withdraw

Weight:

Please weight the member and enter the appropriate result

b. Typing in Barcode ID manually

For those tournaments that do not have Barcode Scanners the official responsible for capturing the weights can populate the Barcode ID field manually using the number directly under the barcode on the weigh in card and then click on the 'SEARCH' button.

eTMS will display the wrestler's entry information screen for weigh in.

Scan Barcode:

Weigh-in

Please scan member barcode

Please weight the member and enter the appropriate result

Weigh-in

Coetzee, Marco

ID : 09WS000859

Date of Birth : 1993-01-29

Age : 20+

Registered for **2** Bracket(s)

Greco-Roman , Senior , U/59kg	Withdraw
Freestyle , Senior , U/57kg	Withdraw

Weight:

Capture **Cancel**

Please weight the member and enter the appropriate result

2. Capturing Weight on eTMS

eTMS will display the wrestler's photo, name, registration number, date of birth and age on the left hand side of the screen, this information can be used to verify that the correct wrestler is present for the weigh in with the correct weigh in card.

IMPORTANT: Weigh in must be done per card/entry (i.e. for every bracket the wrestler entered in for this tournament and a weight must be captured for each of the brackets individually.)

(Note: Weigh-in Cards are unique to tournaments and cannot be used at any other tournaments.)

Weigh-in

Coetzee, Marco

ID : 09WS000859

Date of Birth : 1993-01-29

Age : 20+

Also on the left hand side of the screen eTMS will display all the brackets the wrestler has registered for.

Registered for 2 Bracket(s)

Greco-Roman , Senior , U/59kg	Withdraw
Freestyle , Senior , U/57kg	Withdraw

(Note: The wrestler can withdraw for one or all of the brackets registered for. The official responsible clicks on the “Withdraw” button next to the bracket the wrestler would like to withdraw from.)

- The first scale official reads the wrestler weight from the scale.
- The official responsible for capturing the weight types the weight in and clicks the “Capture” button.

IMPORTANT: Read the numbers individually to avoid confusion eg. “Five-Seven-Point Four” or “Vyf-Sewe-Punt-Vier” as opposed to “Fifty Seven Point Four” or “Sewe en Vyftig punt Vier”.

- Type the weight into the block next to the “Weight” as per the scale reading.
- Select the blue Capture button to accept the weight entered and read the instructions/request that follow as per below options.

Please weigh the member and enter the appropriate result

a. Weight below the minimum allowed weight

Should the weight that the wrestler weighs in at fall below the minimum allowed weight of that bracket registered for, eTMS will process a weight change automatically. The wrestler will not be given the opportunity to gain weight.

The wrestler must be informed to go to the tournament secretary to confirm the weight change and pay any administration fee due.

Please report to Administration official for verification of change.</p>
<p>Select Bracket allocation</p>	

b. Weight above the maximum allowed weight

Should the weight that the wrestler weighs in at fall above the maximum allowed weight of that bracket registered for, eTMS will give the wrestler the option of accepting the weight change or to decline it and to further attempt to lose weight, and to return to weigh in station to complete the weigh in before the weigh in period is over.

- If the wrestler does not want to accept the weight change and continue with the efforts to drop the weight, select the red 'Reject' button, hand the wrestler the weigh in card and continue onto the next wrestler – the screen will reset to the screen used to scan the barcode.
- Should the wrestler accept the weight change select the green 'Accept' button and the wrestler and inform the wrestler to go to the tournament secretary to confirm weight change and pay any administration fee due.

c. Weight exactly on the border of the bracket entered for

Should the weight that the wrestler weighs in at weigh fall exactly on the border of the bracket registered for and the bracket above or below, eTMS will give the wrestler the option to choose which bracket to enter for.

- Remain in the current bracket – select the bracket in the choice presented and click update.

- Move to the new bracket – select the choice presented and click the update button. This is now a weight change and the wrestler must be informed to go to the tournament secretary and conform the weight change and pay any administration fee due.

IMPORTANT: Please take a minute and make sure you select the correct one as this will impact on the wrestler should you make a mistake.

Select Bracket allocation

d. Weight in within the limits of the bracket entered for

Should the weight that the wrestler weighs in at weigh in be within the limits of the bracket registered for, eTMS will give you a choice to accept or cancel the weigh in.

As soon as the weight of a wrestler has been accepted by the scale official, eTMS will display the wrestler's final bracket information:

- actual weight for each bracket; and
- the lot number randomly allocated to the wrestler

IMPORTANT: The wrestler is entitled to this information as his placement on the bracket's pairing sheet is determined by the number drawn and if requested the official should allow the wrestler access to this information.
