SAWFCC CIRCULAR 12/ 2021 (USE OF IVERMECTIN – FEEDBACK FROM SAIDS)

We would like to share the following information with our wrestlers and coaches regarding the use of Ivermectin during the Covid-19 pandemic.

Ons wil die volgende inligting deel met ons stoeiers en afrigters m.b.t. die gebruik van Ivermectien gedurende die Covid-19 pandemie. Ons het die volgende terugvoer ontvang van SAIDS:

The feedback we received from SAIDS are as follow:

THIS AND MORE AVAILABLE VIA OUR WEBSITE & AT NO COST

Dear Nico

Further to your query please see below explanation.

Ivermectin is a permitted ingredient, on prescription only.

Ivermectin is the generic name and not the trade name. We do not include the permitted generic substances on the Medication Check. Furthermore, Ivermectin was only used for veterinary purposes and is currently only registered as a veterinary product. The tablet formulation is now being imported for human use for COVID-19 conditions under special regulations from SAHPRA until it is registered in SA.

This will be added to the Medication Check as soon as it is registered.

SAY NO!
TO DOPING

Ivermektien is 'n toegelate bestanddeel, maar net op 'n geldige voorskrif.

Ivermektien is 'n generiese naam en nie 'n handelsnaam nie. Ivermektien is tans net vir gebruik in diere geregistreer en goedgekeur. Die tablet formulاسie word nou ingevoer vir die Covid-19 verwante toestande onder spesiale regulاسies van SAHPRA, tot en met goedkeuring vir menslike gebruik.

Sodra die goedkeuring afgehandel is sal dit bygevoeg word as medikasie op die SAIDS medikasie lys.

Laat weet gerus as u enige navrae het in die verband.

Vriendelike Groete/ Kind Regards

Nico Coetzee - Chairperson SAWFCC
